Neal JL; Lowe NK; Ahijevych KL; et al (2010). "Active labor" duration and dilation rates among low-risk, nulliparous women with spontaneous labor onset: a systematic review. *Journal of Midwifery and Women's Health* 55(4): 308-18.

Neal JL; Lowe NK; Patrick TE; et al (2010). What is the slowest-yet-normal cervical dilation rate among nulliparous women with spontaneous labor onset? *JOGNN: Journal of Obstetric, Gynecologic and Neonatal Nursing* 39(4): 361-369.

Owen L (2008). The "Rule of 10" Versus Women's Primal Wisdom. *Midwifery Today*, 86: 16-18, 66-67.

Perez-Botella M, Downe S (2006). Stories as evidence: the premature urge to push. *British Journal of Midwifery*, 14(11): 36-42.

Emerging from the abyss...

We are faced with an abundance of 'knowledge' which bears little relationship to women's and midwives' experiences.

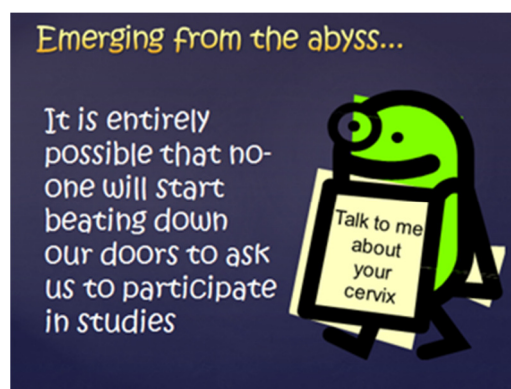

Philpott R and Castle W (1972). Cervicographs in the management of labour in primigravidae. 1: The alert line for detecting normal labour. *Journal of Obstetrics and gynaecology of the British Commonwealth*. 79: 592-598.

Reardon C (2002). Birthing from within and labour as a labyrinth; introducing "the laborynth". *Home Birth Association of Ireland Newsletter* 20(2/3):7-11

Studd J (1973) Partograms and nomograms of cervical dilatation in management of primigravid labour. *British Medical Journal* 4(5890): 451-455.

Thorpe J and Anderson J (2006). Supporting women in labour and birth. pp 393-415 In: Pairman S, Pincombe J, Thorogood C, Tracy S (2006). *Midwifery: Preparation for Practice*. Marrickville, Churchill Livingstone.
